

# Virtual Assessment Centre.

## What is a Virtual Assessment Centre?

Bringing virtual assessment to life. Cappfinity's **Virtual Assessment Centre** is a digital experience that replicates the interaction and connection of an in-person assessment centre.

## How does it work?

Our Virtual Assessment Centres include:

- Live strengths-based virtual interviews
- An integrated video feed supporting interviews, assessment exercises and briefing
- Individual digital exercises assessing key skills
- Online administration and scoring
- Engaging icebreakers and non-assessed developmental activities to create an outstanding, differentiated candidate experience

## Why choose a Virtual Assessment Centre?

- Creates a seamless, inclusive virtual candidate experience
- Blends live and asynchronous assessments
- Balances personal interaction with smart, flexible use of assessor resource
- Provides the same level of candidate insight as in-person
- Improves efficiency and reduces business costs

“It was well organised and put together, with the event running smoothly.”
